## PREFACE

Statistics in this publication include ship, barge, and plane unloads of most fresh fruits and vegetables from sources outside the State and from the outlying islands, as well as wholesalers' truck receipts from the island of Oahu. Direct sales to retailers are not included. Although imports made by the Armed Forces are excluded, quantities sold to commissary stores and to the Armed Forces by local dealers are included. Receipts of fresh fruits and vegetables by wholesalers may include quantities for processing and export.

#### ACKNOWLEDGEMENT

The Federal-State Market News work was made possible through the cooperation of the Consumer and Marketing Service, United States Department of Agriculture, and the Hawaii State Department of Agriculture. The Department of Agriculture gratefully acknowledges the assistance of all those who contributed information. Steamship, barge, and air transportation companies furnished the unload data; records of Oahu truck receipts were obtained from wholesalers.
